

HAYWARD®

PUMPS

Super II®

Standard Efficient, High-Performance Pump Series

Performance for a lifetime, Super II is the ultimate all-rounder.

The Hayward Super II is generally regarded as the Rolls-Royce of domestic pool pumps. These efficient, large-capacity pumps are built to last and engineered to perform even in the most demanding conditions.

Save Electricity and Money with high-efficiency single-speed and two-speed models

Heavy-Duty, High-Performance Motor features airflow ventilation for quieter, cooler operation

Uni-Bracket Mounting Base provides stable, stress-free support, plus versatility for any installation requirement. Adapts 48- and 56-frame motors

Full-flow hydraulics allow greater flow at a lower cost of operation

See-Through Cover so pool owners know exactly when to empty the extra-large debris basket

155 Cubic-Inch Basket has rigid construction including load-extender ribbing for free-flowing operation

Self-Priming (suction lift up to 10' above water level)

Includes Pump Lid Removal Tool

Super II Pump Features & Benefits

- Self-priming with suction lift to 2.4 metres above water level
- PermaGlass XL housing for extra durability and long life
- Lexan see-through strainer lid not PVC
- 180 cubic inch basket
- Heavy-duty, high performance motor for quieter, cooler operation
- New, thicker, heavier 50mm barrel unions

Super II basket is more like a bucket. It features impressive leaf-holding capacity. Rigid construction includes load-extender ribbing for free-flowing operation, even under extra-heavy debris loads.
